CARDHOLDER DISPUTE RESOLUTION

If a cardholder

* finds items on the monthly statement that do not correlate with retained receipts and supporting documentation,

* finds transactions not made by the cardholder,

* finds incorrect transaction amounts, or,

* has an issue with service or quality of items purchased with the LaCarte Card

THE CARDHOLDER'S FIRST RECOURSE IS TO CONTACT THE MERCHANT TO TRY TO RESOLVE THE PROBLEM.

NOTE: When reconciling the monthly purchasing log to the memo statement of account, the disputed transaction must be included on the log, but it must be clearly marked, **DISPUTED**. Since all transactions are paid prior to the completion of the audit process, the transaction **will be paid**. Cardholder must retain a copy of the disputed documentation and follow up on future statements to insure that proper credit is received.

If the merchant agrees that the error has been made, a credit will be issued to the cardholder's account. The credit should appear on the next monthly statement. Cardholder should verify that the credit appears on the next statement.

If the merchant does not agree, and the problem is not resolved before the next statement is issued, the cardholder should contact the DNR Program Administrator for assistance in resolving the matter. Cardholder will be required to provide the DNR Program Administrator the backup for the transaction as well as documentation showing what has been done to try to obtain the credit in question.

The DNR Program Administrator will complete the Statement of Disputed Item(s), retain a copy for in-house files, mail or fax the document with all required enclosures within 60 days from the billing close date (5th of each month) that the charge first appeared on to:

Bank of America – Commercial Card Services
P.O. Box 53142
Phoenix, AZ 85072-3142
Phone (800) 352-4027 or FAX (888) 678-6046

NOTE: ALL DISPUTES MUST BE IDENTIFIED IN WRITING WITHIN 60 DAYS OF THE BILLING STATEMENT. Bank of America will then have 180 days to resolve the dispute.

Bank of America will issue a credit for the charge in question while the discrepancy is being researched. The bank will notify the DNR Program Administrator of the results of the research. If it is determined that the charge is valid, the credit will be reversed and the charge will be restored to the cardholder's account.

MERCHANDISE RETURNS & EXCHANGES

The cardholder is responsible for contacting the merchant when the merchandise is not acceptable (incorrect, damaged, defective, etc.) and arranging for the return for credit or exchange.

The cardholder will be working with the supplier and should always retain boxes, containers, special packaging, packing slips and other related information until they are certain the merchandise is acceptable.

If the merchandise is to be exchanged, the cardholder is responsible for returning the merchandise to the merchant and obtaining a replacement as soon as possible. Documentation of the resolution of the exchange is to be retained with the supporting documentation of the purchase.

If the merchandise is returned in person, the cardholder is responsible for OBTAINING A CREDIT RECEIPT from the merchant and retaining the receipt with support documentation. If the merchandise is shipped back to the supplier, the package must be prepared according to supplier instructions and shipping documents must be retained until supplier issues a credit or exchanges the merchandise. **CARDHOLDER MUST OBTAIN A VISA CREDIT FROM THE SUPPLIER. RECEIVING CASH OR CHECKS TO RESOLVE THE CREDIT IS PROHIBITED.**

CANCELLING A CARD

When an employee is terminated from the Department of Natural Resources, or if card cancellation is requested for any other reason, the LaCarte card, attached to an enrollment form with the 'CANCEL' block checked, should be returned to the DNR Program Administrator for cancellation by the cardholder's supervisor. If the supervisor cannot retrieve the card, for example, the employee leaves the job without giving notice, the DNR Program Administrator must be notified and a cancellation request submitted.

The following steps are taken to cancel a card:

1. Program Administrator receives the card (if possible) and request for cancellation.
2. In the Card Program Administrator (CPA) program, the spending limit is reduced to \$1.00. This action suspends all future transactions.
3. After the spending limit is reduced to \$1.00, the Program Administrator cancels the card in CPA and initials and dates the request to verify that cancellation has been entered into the system and transmitted. **WRITE ON THE BACKUP 'CARD RETRIEVED AND DESTROYED' or 'CARD NOT RETURNED-CANCELLED IN SYSTEM ONLY'.**
4. The card is cut up and discarded.
5. The DNR Program Administrator establishes and maintains a file on all LaCarte cardholders' documentation such as the original enrollment card and cardholder agreement. When a card is cancelled the cancellation request is attached to these files and filed in the Cancelled Cards file for future reference.

SUSPENDING A CARD

When an employee is out on extended period of leave during which he/she is not authorized to use the LaCarte card, the supervisor/reviewer should notify the Agency Administrator that the card needs to be suspended. The Agency Administrator sends a written request to the DNR Program Administrator to reduce the spending limit to \$1.00. It will remain at \$1.00 until notification that the employee has returned to active duty is received by the DNR Program Administrator.

CARDHOLDER (or other authorized personnel):

For monthly submission to Accounting, staple together in the following order:

1. Log sheet(s)
2. Original Statement received by cardholder
3. Receipts numbered in order listed on log sheet and attached on 8 ½ x11 or 8 ½ x14 papers

It is the responsibility of the cardholder to make sure no taxes are charged at the time of purchase. Invoices received in Accounting that include tax will have the taxes removed from the payment and it will be the cardholder's responsibility to contact the vendor and request a credit in the amount of the taxes. A cardholder may have his charge card suspended until such time as the credit clears the account of all balances due if the supervisor/reviewer recommends such action be taken. Accounting can also recommend suspension of charge privileges if this happens repeatedly on the same account.

INTERNET PURCHASES: Attach a screen print of the purchase. The purchase amount, description, and name of the merchant/vendor must be on the screen print. If available, also include a screen print with the confirmation number.

NOTE: The credit card receipt is NOT SUFFICIENT backup. There must be an itemized invoice submitted for verification of charges. TO AVOID DUPLICATION OF PAYMENT, ACCOUNTING MUST RECEIVE THE ORIGINAL INVOICE- XEROXED OR FAXED COPIES ARE NOT ACCEPTABLE.

Submit itemized log sheet, complete with all coding as required. Coding for each invoice submitted must include all applicable organization number(s), object number(s), sub-object number(s) and reporting category number(s).

NOTE: For agency 435, sub-object number is the same as the purpose code number.

Staple or tape all invoices to 8 ½ x 11 or 8 ½ x 14 sheet(s) of white paper. DO NOT USE A HIGHLIGHTER ON ANY INVOICES -- IT SMEARS THE WRITING.

Number invoices in **red** in order to match the number(s) as they are listed as on the log sheet.

If **one invoice** has multiple lines of coding, list the vendor name once and split out the coding by item description and cost for individual items. Use arrows to indicate the same transaction date; date item received and vendor name is to be used for multiple expenditure coding lines.

For example:

Invoice from Smith Brothers Supply Company has 5 items on it; the 5 items will require 4 lines of separate expenditure coding. Start your log with the Smith Brothers invoice on line one. On the invoice you note **1-4** in red to correspond with the lines on the log sheet that will be used for processing this invoice. Write in the transaction date and the date the item was received (if different from the transaction date). In the space for vendor name, type or print Smith Brothers; in description, note two (or more) of the items that will have the same coding, write in the vendor invoice number and the appropriate dollar amount, organization number, reporting category, object, sub-object and grant number (sub-objects and grant numbers will not be applicable for all expenditures). Since 4 lines of coding are required to complete the coding for this invoice, on lines 2 through 4 enter items using the same format as you did on line one. IT IS NOT NECESSARY TO RELIST THE DATES OR VENDOR NAME; you can start with the description.
